The Environmental Studies Major

The Environmental Studies major requires students to take a total of 14 courses, 12 of which have an environmental focus and two of which are foundational courses. Students are encouraged to select their electives to develop strength and depth in a specific area of concentration.

F – offered in the Fall semester
S – offered in the Spring semester
B – offered in both semesters

This notation is not a guarantee that the course is offered in the indicated semester. It is only a notation of when the course is typically offered. Please consult the Course Schedule listing on the [Office of the Registrar’s Website](#).
